

# Play furniture

This creative range of play furniture, designed and manufactured by Gopak is delivered flat pack for simple self assembly. The construction uses a clever slot system so can be assembled quickly and then disassembled after use.

Ideal for nurseries, playgroups and primary schools, the furniture is made from coloured MDF with simple child-friendly fixings.

The Galleon includes two sets of seats and a removable sail printed with the points of the compass. The Train has an engine which is strong enough for tots to climb on and the Bus has seating for passengers.

Suitable for children 3 years and over, it is recommended that these products are used indoors only.

- Simple slot assembly
- Coloured MDF
- Storage bag available

To Order: Select product - buy all 3 for 10% discount
