

MATERIAL FINISHES

All of the materials used within our furniture, seating and storage ranges are carefully selected and specified in accordance with our ISO 9001 certification. We work with globally renowned manufacturers to ensure we are able to bring to market quality products that stand the test of time and which offer an exceptional value proposition.

We have a standard colour palette of six MFC wood finishes spanning our core range of desking and storage comprising panel end, cantilever and bench solutions specified at 25mm for all desk tops. In addition, our Regent Executive range offers two dedicated MFC wood finishes at 36mm to give that extra special executive environment.

Our desk tops and wood storage is manufactured from FSC certified MFC - Melamine Faced Chipboard.

Our MFC supply chain is fully FSC (Forest Stewardship Council) certified and is accredited to ISO 14001 and ISO 9001.
