

RECEPTION

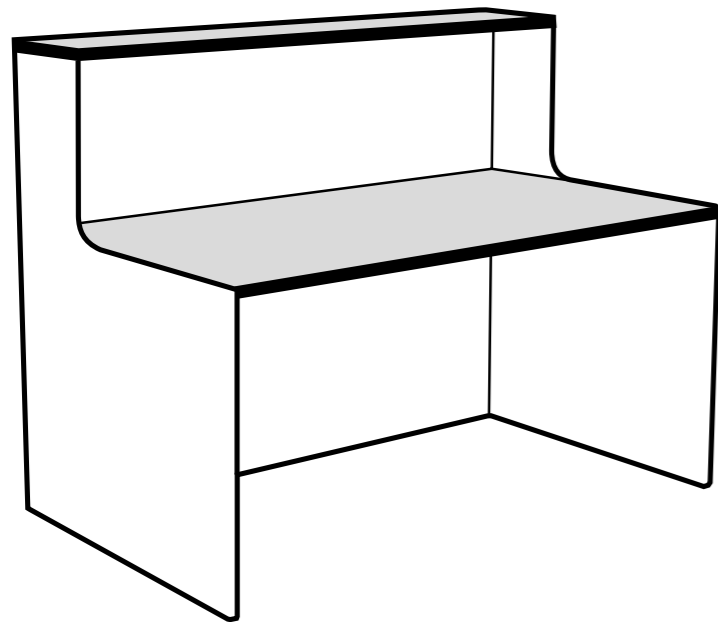

Greeted by a comfy sofa and a professional reception desk, we brighten any first impressions. Sadly we cannot provide the friendly receptionist...but I'm sure you've got that covered.

RECEPTION MIX & MATCH

We have designed our reception units to allow you to customise every aspect from finish to lighting. Simply choose your top and side colours to create your base unit - feel free to be adventurous as they don't have to match. Enhance your reception further by adding a splash of colour through the lighting unit or an extension for that extra paperwork.

FEATURES

- Modular unit
- D-End extension
- Concealed lighting option available with multiple user settings
- 6 finish options

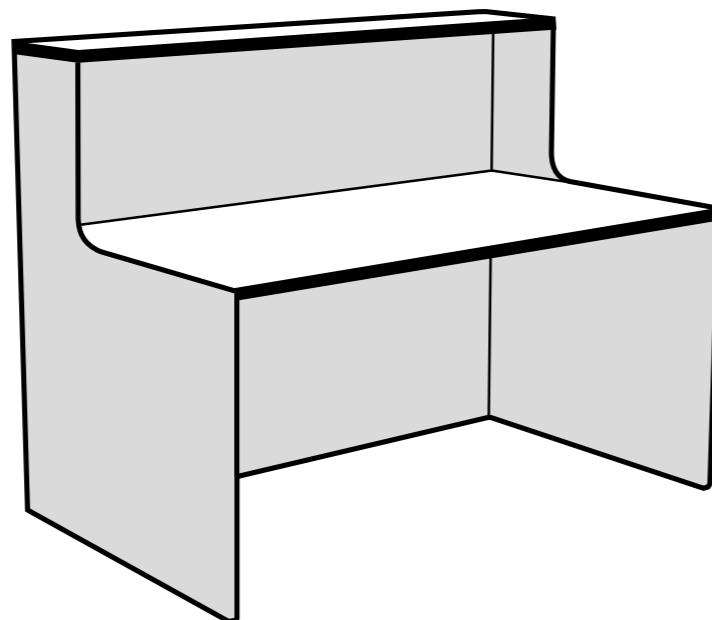

PICK YOUR TOPS

Box A contains the 2 top panels highlighted and is available in 1400/1600 widths and 6 colour finishes.

PICK YOUR SIDES

Box B contains the side and front panels highlighted and is available in 1400/1600 widths and 6 colour finishes.

RECEPTION

A stand-alone reception unit colour matched to our extensive furniture ranges. Available with an extension top, if you need that little extra space, and a lighting unit with multiple settings for those staff parties.
